Portfolio: **Mesum Bin Shaukat**

Business Website: **World Of Tech (PVT) LTD**

OBJECTIVE:

I'm Mesum from Karachi, Pakistan. I'm a developer but my main focus is on Full-Stack Development. I've many skills that are mentioned below. My main niche is to accomplish my life goals, by proving myself as a young developer. I can develop websites, for example, e-commerce, portfolio, forum, form and etc. I can make genuine UI for websites, I can make templates for front-end, I can develop websites using Django for back-end, I can make fully customized admin panels using Django for websites, I can make user authentication for websites using Django, I can do graphics designing, and etc. This is only a short description of me, I can do more than this without any doubt.

Qualification:

Currently I'm doing 3 years diploma from **APTECH**.
