Business Website: [World Of Tech (PVT) LTD](#)

OBJECTIVE:

I am Mesum Bin Shaukat, hailing from Karachi, Pakistan. At present, I am pursuing a software engineering diploma from Aptech. My objective is to accomplish my aspirations by leveraging my skills and providing services to the global community. I have successfully hosted numerous projects, which are listed below. My expertise lies in Full-Stack Web Development, with a specialization in Php. I am currently managing multiple businesses with confidence, and I thrive on challenges. I am always eager to learn new things and apply them in my work, as it provides me with valuable knowledge and insights. I am highly disciplined when it comes to fulfilling tasks for my clients. Additionally, I work as a freelancer and have completed several projects. I am involved in various endeavors, but listing them all here would be overwhelming.

Projects:

- [World Of Tech](#) (Business Portfolio, built with WordPress + SEO Opimized)
- [Mesum Store](#) (Under Development)
- [Virtual Institute](#) (Under Development)
